

SHIPDECK JOINT

*Head into the wind
on your decking ...*

**Just a clip and
we are at sea**

**Just install
the special **Softline**®
'Shipdeck' Joint**

System

Softline®

SHIPDECK JOINT

Beautiful and practical

- » No extra maintenance required - treat as normal decking.
- » Simple, fast installation
- » Can be quickly and easily removed
- » Uniform spacing between the boards.

No more dirt and debris between deck boards

Ultra-fast installation in 3 steps

1 - 2 - Push in the joint in 2 spots thanks to the rubber-hammer

3 - Push in the rest of the joint thanks to a wooden wedge sliding along all the length between the 2 spots

Compatible with the following wood species:

- » Afrormosia
- » Merbau
- » Padouk
- » Teak

without joint
